

# CONTINUOUS BIN TIPPER

## MATERIALS:

- Stainless Steel
- Mild Steel

## POWER SUPPLY:

- 220V/440V, 3pH, 60Hz

## GENERAL DESCRIPTION

The **Continuous Bin Tipper** is a high-volume system features a two-level design to receive full bins and discharge empty ones simultaneously, maximizing space. It **gently deposits fruit onto the line to reduce bruising and eliminate gaps.**

The 100% electric unit integrates seamlessly with washing and weighing modules for automated, efficient bulk receiving.

**Speed: 3 bins per minute.**

## KEY BENEFITS

- **Constant Workflow:** Maintains a steady product stream to eliminate line gaps.
- **Product Protection:** Significantly reduces damage and losses from mechanical impacts.
- **Space Optimization:** Two-level design improves process organization within a compact footprint.

## SPECIFICATIONS

- Can handle 4 stacked bins.
- Operates at a standard speed of 3 bins per minute.
- 100% electric design ensuring high efficiency and sustainability.
