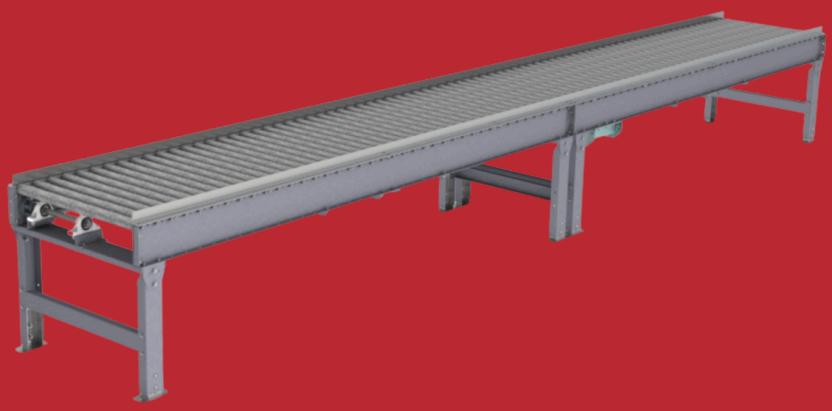
ROCHIN
POST-HARVEST INNOVATION

LIVE ROLLER
BOX CONVEYOR



MATERIALS:
• Stainless Steel • Mild Steel
POWER SUPPLY:
• 220VAC-600VAC / 3pH / 60Hz

GENERAL DESCRIPTION

The Live Roller Box Conveyor is a motorized roller system that provides smooth, quiet transport for containers and boxes across varied routing paths. It supports sharp curves and can be integrated with pneumatic stops to **manage traffic flow efficiently.**

The modular components are built for **low maintenance and consistent performance in industrial packing environments.**

ROCHIN
POST-HARVEST INNOVATION

KEY BENEFITS

- **Smooth Transport:** Ensures consistent movement for boxes of different capacities.
- **Quiet Operation:** Designed for low-noise performance in the packing facility.
- **Low Maintenance:** Modular components require minimal upkeep.

SPECIFICATIONS:

- Integration-ready for pneumatic guillotines and deflectors.

VARIANTS:

- Width: 18", 20", 24", 30", and custom sizes.
- Length: 5" to 100"
