ROCHIN
POST-HARVEST INNOVATION

PLATFORMS
AND STAIRCASE

MATERIALS:

- Stainless Steel
- Mild Steel

GENERAL DESCRIPTION

These industrial **Platform and Staircase** solutions provide a stable environment for staff working at height.

Custom-integrated into the machinery layout, **they facilitate safe equipment monitoring, cleaning, and routine maintenance.**

Built for the rigors of a humid packing house, they are essential for workplace safety compliance and operational uptime.

ROCHIN
POST-HARVEST INNOVATION

KEY BENEFITS

- **Enhanced Safety:** Reduces the risk of slips and falls.
- **Structural Stability:** Robust mounting for a wobble-free environment.
- **Adaptability:** Modular design is easy to expand or relocate.

SPECIFICATIONS:

- Non-slip platform surfaces and integrated side guardrails.
- H-type metal base structures or side-mounted brackets.
- Modular design with customizable step counts for specific heights.
